Professional Summary

Motivated Information Technology undergraduate with 6 months of industry experience as a Full-Stack Developer Intern, contributing to enterprise-level web applications. Proficient in Angular, Spring Boot, JavaScript, React, Node.js, Express.js, MySQL, MongoDB, and RESTful API development. Experienced in designing, developing, testing, and maintaining scalable software solutions while working in Agile teams using Git. Strong problem-solving, collaboration, and communication skills with a passion for building secure, high-quality, and user-focused applications.

Education

Institute of Technology, University of Moratuwa *2023 – Present*
Information Technology
- Undergraduate

SKYREK Academy *2026*
Full Stack Web Development Certificate Course (MERN)
- In Progress

St. Peter's College, Negombo *2018 – 2021*
G.C.E. Advanced Level – Mathematics Stream
- Passed

Projects

Cocotana ERP & Manufacturing System *Full-Stack Developer*
Internship Project
- Developed an ERP system using JHipster, Spring Boot, Angular, and PostgreSQL.
- Implemented RBAC, responsive interfaces, and modules for production and inventory management.

Smart Garment Production Tracking System *Full-Stack Developer* *GitHub Repository*
University Final Project
- Developed a production tracking system using Node.js, Express, React, and MongoDB.
- Integrated RFID/IoT, RESTful APIs, role-based authentication, and production monitoring.

Secure Full-Stack Weather Dashboard *Full-Stack Developer* *GitHub Repository*
Personal Project — Ongoing
- Developing a responsive Angular dashboard with a Spring Boot backend for real-time weather monitoring.
- Integrating OpenWeatherMap API, Auth0 authentication, JWT validation, MFA, and Caffeine caching.

PMB Digital Rice Value Chain Traceability System *Full-Stack Developer*
Internship Project
- Developed warehouse, milling, and paddy collection modules for the Paddy Marketing Board (PMB) using Angular, Spring Boot, and PostgreSQL.
- Implemented features for warehouse management, milling operations, and paddy collection workflows.

Experience

Full Stack Developer Intern (6 months) *Heaven'sCode (PVT) LTD* 2026
- Developed web applications using Angular and Spring Boot.
- Built REST APIs, worked with databases, and fixed application issues.

Testing Productive Associate (10 months) *GPV LANKA (PVT) LTD* 2022 – 2023
- Performed testing and quality checks on electronic products.

- Identified defects and maintained testing records.

NPI Assistant (4 months) *GPV LANKA (PVT) LTD* 2022 – 2023

- Assisted in New Product Introduction (NPI) activities.
- Supported MES operations, testing, and documentation.

Technical Skills

Languages: JavaScript, Java, TypeScript

Frontend: React.js, HTML5, CSS3, Responsive Design, Tailwind CSS , Angular

Backend: Node.js, Express.js, RESTful APIs

Databases: PostgreSQL, MySQL, MongoDB

Tools: Git, GitHub, Postman, Azure DevOps

UI/UX: Figma

Practices: OOP, MVC architecture, Agile Scrum, SDLC

Certifications

- English Language Certificate Level – Regent Language School of Negombo
- Certificate in Computer Application – Zonal Computer Resource Center, Negombo
- Python Programming Fundamentals – University of Moratuwa (CODL)
- Python Developer Certification – SoloLearn
- AI Agent Development with Copilot Studio – Microsoft Learn
- Introduction to AI – course from Google via Coursera
- Professional Communication Skills – Gavel Club, ITUM
- Server-side Web Programming – University of Moratuwa (CODL) (In Progress)

Leadership & Volunteering

Transform Yourself Through Volunteering Webinar ZeroPlastic Movement, University of Kelaniya April 2025

Team Work and Leadership Programme Commando Regiment Training School 2017

Core Competencies

Strategic Planning, Analytical Problem Solving, Project Management, Team Collaboration, Time Management, Technical Leadership, Effective Communication, Adaptability, Quality Assurance
